# 2017 Florida Legislature *by the Numbers*

Knowing how individual legislators cast their votes is extremely important when evaluating their stand on the issues facing our members. However, it is also important to look at the other areas of the data to find clues on how different segments of the Florida Legislature are casting their votes. For instance, which party in which chamber tends to support business issues more than the other? How do the current voting records compare to those from past years? This section will break down different segments of the votes and provide some interesting snapshots of what the mood of the Florida Legislature is on business issues.

### Legislature by Party

### Senate by Party

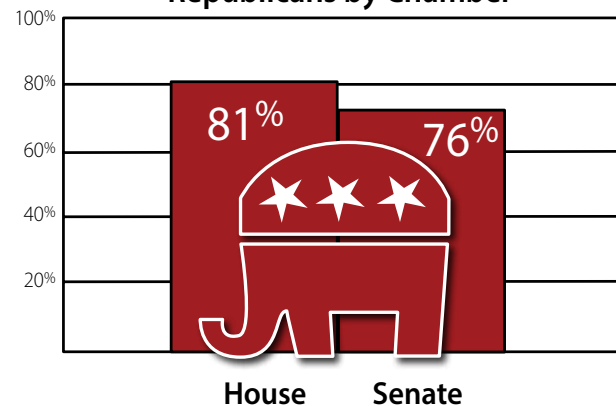

### House by Party

### Democrats by Chamber

### Republicans by Chamber
