AIF members and friends of the Florida business community:

Welcome to the 2018 Florida U.S Capitol Summit, an annual AIF event. As the preeminent business advocacy association in the state of Florida, AIF is aware that federal, state and local issues are more intertwined and interdependent than ever. We are pleased to bring together Florida business leaders with our federal policymakers to focus on issues that impact Florida.

We have scheduled an excellent lineup of meetings and events for you, with many opportunities to interact with members of the Florida Congressional Delegation, Chairs of Congressional Committees, high-level White House advisors, and top leaders on business policy and issues at both the federal and state levels.

We're delighted that you could join us and hope that you will find the information and connection opportunities valuable to your organization. If the AIF staff or I can be of any assistance to you throughout the Summit, please feel free to ask.

Building a Strong Foundation for the Future of Florida Business

The Foundation of Associated Industries of Florida was formed in 2008 to address the educational and development needs of Florida's business community. FAIF is governed by an independent board of directors. The Foundation does not engage in any political activities.

The private business sector's support is critical to the success and continuance of FAIF's initiatives and programs. Florida businesses cannot afford to rely on public opportunities alone to train and prepare their future employees and leaders. FAIF will foster programs that identify business needs today and create solutions that will last into the future.

We are confident you will want to be a part in these programs and opportunities—we welcome your participation and suggestions as we move forward. Your contributions to FAIF are tax deductible and can be made by visiting FAIF.org or contacting our executive director, Stephen Trickey at 850.224.7173.
