**The
Florida
Jobs Act
of 1995**

Celebrating
75
YEARS

THE VOICE OF FLORIDA BUSINESS

Since 1920, Associated Industries of Florida has stood firm on the side of prosperity and free enterprise. With headquarters standing on the road that connects the Capitol to the Governor's Mansion, AIF represents the link between responsible public policy and a thriving economy. AIF offers the business community a gathering place to meet with government leaders to preserve and defend Florida's prosperity.

Dedicated to and owned by the members of Associated Industries, the building is a tribute to the efforts of employers—the men and women who provide jobs, manufacture goods, and supply services to the citizens of Florida.

When your business brings you to Tallahassee, we invite you to set up shop at Florida's corporate headquarters. ■
