**Is Tallahassee
Ready for This?**

A New Era of
Pragmatic Conservatism

LET FBN PUT YOU IN THE DRIVER'S SEAT

...and gain the inside track — with Florida's premier on-line business legislation information system.

Each legislative session, while our state lawmakers migrate to Tallahassee's Capitol to mull over 4,000 bills, Florida employers hold their breath — wondering who will gain the inside track.

With Florida Business Network (FBN), you get more than a narrative of the race — you're handed the driver's wheel!

And, when that checkered flag waves, you can bet on the speed and accuracy of the FBN system to bring you toward the winner's circle safely. How?

The FBN system brings to your fingertips the inside scoop on every bill, action, vote, committee, and legislator that impacts your business.

And, when it's time for you to make your move, the FBN system flags an "ALERT" notice, permitting you to respond to your legislator at strategic points in the round.

Don't settle for second place. Get in the winner's circle with FBN!

System Features:

▶ Ability to track Florida business legislation through statute chapters and sections — quickly and conveniently.

▶ Expert analyses and summaries of meetings, proposals, and the "hot" issues.

▶ Directory and biographical information on each legislator.

▶ Programs that let you create personalized bill-tracking lists and access those reports.

▶ News articles from around the state on the major issues facing Florida businesses.

▶ Complete bill history on all House/Senate bills and PCBs, including actions and all votes on each bill.

▶ Full election coverage, including contribution data, candidate bios, position papers, and district demographics.

▶ And, much more!
