

Associated Industries of Florida Policy Councils & Coalitions

Our Councils bring together unique sectors of the business community in order to develop and promote issues vital to those respective industries. These Councils are the backbone of policy making at AIF as the member companies of each Council voice their issues, concerns and ideas and help develop the policies that are presented to our Board of Directors for approval.

Want to Participate?

As a member, you can take a leadership role in the public policy issues that affect your company. Membership is required to participate on AIF's Councils and to receive our member communications.
